Vino e Gusto

A preface

Dear Guests,

I take a lot of time to find special wines for you - wines that you can not enjoy "at every Italian around the corner", but are also in a reasonable price-performance ratio.

Therefore, I would like to introduce you here to three wineries, which have received a special place in the *Vino e Gusto* for various reasons. Their wines and spumante can be found in this map marked accordingly with **I, II, III, IV**:

I) Il Borro di Salvatore Ferragamo, Toscana

The name "Il Borro" comes from the location of the medieval fortress of Ferruccio Ferragamo on a rock formation - the Tuscan word "borro" means "ravine formed by a river". In addition to the development of the entire village into a pearl in the heart of the rolling hills of Tuscany, Ferruccio Ferragamo, with the help of his son Salvatore, also restored the first vineyards and the winery in 1993, and has been able to boast of very successful wine vintages ever since.

All the wines of Il Borro - as well as the champagne-like Rosé Spumante "Bolle di Borro" in bottle-fermentation - are grown exclusively organically, taking advantage of the natural fertility of the soil - the conversion of the vineyards already began in 2012.

A beautiful example of the fact that exclusivity, ecology and economy are not mutually exclusive, but that they support each other sustainably - I believe, after 30 years of activity in sustainability ...

As the owner of the Vino e Gusto I am proud to have celebrated the premiere of these wines from the Il Borro winery by Salvatore Ferragamo during a Wine Tasting on November 23, 2018 as the first restaurant in Munich.

II) Marco Bonfante, Piemomte

We have been working together for over 10 years with this winery in Nizza Monferrato, Piedmont, which has been growing wine for 8 generations.

The hills on which the family originated have been renamed "Bricco Bonfante" - and this is also the name of their main Cru from Barbera d'Asti, known since 2012 as "Nizza DOCG" ...which you can enjoy with us, of course , even in a single glass ...

Marco Bonfante

Marco only produces wines that reflect his taste, he reduces and selects the production in order to be able to offer an exquisite range of the most important wines from southern Piedmont – and pops in from time to time personally to check on his wines and us!

In the glass, the white wines are dry, fruity, mineral but not aged in barrique. The reds are also dry and fruity, but with a large structure, which is enhanced by the wood storage and fermentation. Furthermore, Marco offers fresh, fruity and tingling dessert wines - the white Moscato and red Brachetto - as well as fantastic Grappe.

III) Ômina Romana, Lazio

The grapes for the premium wines of the winery Ômina Romana mature in Lazio, the ancient wine-growing region of the Etruscans and Romans at the gates of the "città eterna Roma".

With a combination of the most modern cultivation methods, a terroir of the mixture of volcanic and tuff rock as well as a great passion, the winemaker family achieves aromatic and harmonious wines of particular depth and power.

Especially I would like to recommend to you the barrique white wines Chardonnay and Viognier, as well as the red Cabernet Sauvignon - these wines remind me strongly of my years (and my favorite wines) in South Africa ... so I offer them by glass to you also!

IV) De Stefani, Veneto

The De Stefani family, as official documents from the year 1624 prove, stems from Refrontolo, a small town in the Veneto hills. Alessandro De Stefani, the representative of the 4th generation, follows in the production of his wines - which are obtained from grapes from old vines of high density - a very personal philosophy:

His preference for autochthonous, i.e. indigenous organic grapes.
He and his wife Chiara are the enologists of De Stefani, who even number every single bottle that leaves the winery!

The main winery Colvendrame in Refrontolo is located in the Veneto region, north of Treviso and Venice - the De Stefani family started growing vines and producing wines there in the second half of the 19th century - with an art and passion that characterizes their activities even after one and a half centuries still. And that collected so many international awards that can make you dizzy ... by the way, I have now researched these international awards for all my wines and put them together for you, you may be as amazed as I am...

At a wine tasting on November 3, 2019, Alessandro De Stefani presented my personal selection of his best wines to our six-course menu for our regular guests - and since then we are proud to have them in our portfolio!

And now enjoy browsing our "wine booklet",

Yours,

Guido Prick

Malanotte IGT - De Stefani^{IV}, 2013 ¹²

€ 98

100% Raboso Piave - der Malanotte del Piave wird mit Raboso-Trauben erzeugt, der bekanntesten autochthonen Weinrebe des Piave-Gebiets - rubinrot mit granatfarbenen Reflexen, reiches Bouquet von Brombeer und Kirschenmarmelade, flüssiger Schokolade und Tabak, kräftiges Aroma, trocken und herb im Geschmack, mit leichtem Säuregehalt
(James Suckling 90/100, Robert Parkers Wine Advocate 92/100,
I Vini Di Veronelli 92/100)

Stèfen 1624 IGT - De Stefani^{IV}, 2013

€ 115

100% Marzemino - Stèfen ist der ursprüngliche Name der Familie De Stefani, das geht aus alten Dokumenten aus dem Jahr 1624 hervor, die in Refrontolo, ein UNESCO-Weltkulturerbe, gefunden wurden. Die Trauben dieses Weins wachsen in dem Weinberg "Stèfen 1624" und bei der Weinbereitung greift man auf eine besondere Herstellungstechnik zurück, die das Trocknen der Trauben nach alter Tradition und eine lange Veredelung des Weins in kleinen Eichenfässern vorsieht - rubinrot im Glas mit granatroten Reflexen, intensives Bukett nach reifen Waldfrüchten und Veilchen, mit Noten von Sauerkirschen und Brombeeren
(James Suckling 95/100, Robert Parkers Wine Advocate 92+/100,
I Vini Di Veronelli 94/100, Luca Maroni 97/100)
