Vino e Gusto

A preface

Dear Guests,

I take a lot of time to find special wines for you - wines that you can not enjoy "at every Italian around the corner", but are also in a reasonable price-performance ratio.

Therefore, I would like to introduce you here to three wineries, which have received a special place in the *Vino e Gusto* for various reasons. Their wines and spumante can be found in this map marked accordingly with **I, II, III, IV**:

I) Il Borro di Salvatore Ferragamo, Toscana

The name "Il Borro" comes from the location of the medieval fortress of Ferruccio Ferragamo on a rock formation - the Tuscan word "borro" means "ravine formed by a river". In addition to the development of the entire village into a pearl in the heart of the rolling hills of Tuscany, Ferruccio Ferragamo, with the help of his son Salvatore, also restored the first vineyards and the winery in 1993, and has been able to boast of very successful wine vintages ever since.

All the wines of Il Borro - as well as the champagne-like Rosé Spumante "Bolle di Borro" in bottle-fermentation are grown exclusively organically, taking advantage of the natural fertility of the soil - the conversion of the vineyards already began in 2012.

A beautiful example of the fact that exclusivity, ecology and economy are not mutually exclusive, but that they support each other sustainably - I believe, after 30 years of business activity in sustainability ...

As the owner of the *Vino e Gusto* I am proud to have celebrated the premiere of these wines from the *Il Borro* winery by Salvatore Ferragamo during a Wine Tasting on November 23, 2018 as the first restaurant in Munich.

II) Marco Bonfante, Piemomte

We have been working together for over 10 years with this winery in Nizza Monferrato, Piedmont, which has been growing wine for 8 generations.

The hills on which the family originated have been renamed "Bricco Bonfante" - and this is also the name of their main Cru from Barbera d'Asti, known since 2012 as "Nizza DOCG" ...which you can enjoy with us, of course, as the Bricco Bonfante Nizza Riserva even in a single glass ...

Marco Bonfante

Marco only produces wines that reflect his taste, he reduces and selects the production in order to be able to offer an exquisite range of the most important wines from southern Piedmont – and pops in from time to time personally to check on his wines and us!

In the glass, the white wines are dry, fruity, mineral but not aged in barrique. The reds are also dry and fruity, but with a large structure, which is enhanced by the wood storage and fermentation. Furthermore, Marco offers fresh, fruity and tingling dessert wines - the white Moscato and red Brachetto - as well as fantastic Grappe.

III) Ômina Romana, Lazio

The grapes for the premium wines of the winery Ômina Romana mature in Lazio, the ancient wine-growing region of the Etruscans and Romans at the gates of the "città eterna Roma".

With a combination of the most modern cultivation methods, a terroir of the mixture of volcanic and tuff rock as well as a great passion, the winemaker family achieves aromatic and harmonious wines of particular depth and power.

I would particularly like to recommend the Chardonnay to you, as well as the red Cabernet Sauvignon aged in barriques - these wines strongly remind me of my years (and my favorite wines) in South Africa...which is why I also offer them to you by the glass. Something very special: The white Ars Magna Viognier - a very rare grape in Italy, perfectly matured in barriques - something for connoisseurs and lovers of white barrique wines!

IV) De Stefani, Veneto

The De Stefani family, as official documents from the year 1624 prove, stems from Refrontolo, a small town in the Veneto hills. Alessandro De Stefani, the representative of the 4th generation, follows in the production of his wines - which are obtained from grapes from old vines of high density - a very personal philosophy:

His preference for autochthonous, i.e. indigenous organic grapes.
He and his wife Chiara are the enologists of De Stefani, who even number every single bottle that leaves the winery!

The main winery Colvendrame in Refrontolo is located in the Veneto region, north of Treviso and Venice - the De Stefani family started growing vines and producing wines there in the second half of the 19th century - with an art and passion that characterizes their activities even after one and a half centuries still. And that collected so many international awards that can make you dizzy ... by the way, I have now researched these international awards for all my wines and put them together for you, you may be as amazed as I am...

At a wine tasting on November 3, 2019, Alessandro De Stefani presented my personal selection of his best wines to our six-course menu for our regular guests - and since then we are proud to have them in our portfolio!

And now enjoy browsing our "wine booklet",

Yours,

Guido Prick

Ralf Schumacher Selection - Ribolla Gialla 2023 ¹² € 55

A wine that I am very happy about and that I would like to recommend to everyone who thinks my white Regaleali is a bit too harsh: Elegant, slightly balsamic due to the old autochthonous white wine variety Ribolla from Friuli and Slovenia (precisely from Dobrovo on the Italian border, where Ralf's wines come from), but fruity with lemon, green apple and grapefruit and a very fine acidity

Ralf Schumacher Selection - Sauvignon Blanc 2022 ¹² € 55

Classic Sauvignon aromas such as elderflower, kiwi and passion fruit - a small recommendation here too: If the Sauvignon Blanc from Winkl is too extreme and the one from Marco Bonfante too gentle, this is the right choice!

Sauvignon Blanc DOC - Marco Bonfante^{II} 2022¹² € 50
100% Sauvignon Blanc - Fresh, with an intense, for this vine typical aftertaste of fruits, especially on peach and tropical fruits, to which elderberry and broom aromas are added - on the palate dry, tender and mineral, the balanced acidity goes perfectly with the lower alcohol content

Gavi di Gavi DOCG - Marco Bonfante^{II} 2023¹² € 50
100% Cortese - Straw yellow freshness of the Cortese grape, with an intense fruit bouquet typical of this grape variety and emphasis on banana and citrus fruits, while the palate is dry, delicate and long-lasting

Perste' Roero Arneis DOCG - Marco Bonfante^{II} 2022¹² € 50
100% Roero Arneis - Intense, with a flowery bouquet of lime, pineapple and pear of the arneis vine, while elegant and fresh on the palate with a balanced minerality. The name of the wine "Perste'", short for "Per Stefano" is dedicated to Micaela Bonfante's first son, who was born in 2014. In the glass, the wine appears in a bright lemon yellow and lies wonderfully between the drier Gavi and the fruitier Sauvignon. ..

Paja DOC - Marco Bonfante^{II} 2020¹² € 43
100% Cortese – straw yellow as the namesake, with a fine smell, fresh, with notes of citrus and fruit, delicate and dry on the palate with a good balance between acidity and minerality, with good structure and an aftertaste of almond
